Data Flow Diagram

The Data Flow Diagram (DFD) illustrates how user input is processed through the Emotion Detection & Learning Support Engine. It shows the flow of data from the student to the AI models and finally to personalized learning recommendations.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	External Entity	Student who submits learning text and receives AI guidance.
Rectangle with numbered header	Process	Processes user input, detects emotion, and generates personalized recommendations.
Rectangle (solid fill, no number)	Data Store	Stores emotion history, user inputs, and learning progress.
Labeled arrow	Data Flow	Represents the flow of data between the student, AI models, and data storage.

Example

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.
